SUBJECT: Ridgemount Avenue Rehabilitation
 City Project No. ST210002

Dear Property Owner:

The City is currently working in collaboration with the City of Minnetonka to study potential improvements to Ridgemount Avenue between Vinewood Lane and County Road 73. This project is currently identified in the City's Capital Improvement Program for construction in 2021. A map with anticipated project limits is included.

The City's consultant engineer, Bolton and Menk, will soon be in the neighborhood to survey the right-of-way (including yards behind the curb), gather existing condition information, and locate underground utilities. As this is being completed, you may notice the pavement and your yard marked with different colors of paint and flags. To assist in our efforts, please leave these utility locate markers in place until the project survey has been completed.

COVID-19 Note: Please Follow Precautions: Community health and safety is our priority. The City is following the recommended guidelines from the Centers for Disease Control and Prevention and the Minnesota Department of Health. As a precaution aimed at slowing the spread of the coronavirus (COVID-19), please do not approach workers or staff completing field work. Residents who have question or concerns about the project should call or email the City directly at our contact information listed below.

Staying Connected & Signing Up for eNotify Email Updates: An informational meeting for the project will be held this summer/fall where City staff will present information about the project process and provide an opportunity for community feedback. A separate notification will be sent in the mail in advance of the informational meeting.

For ongoing information on the project and to sign up for email updates visit www.plymouthmn.gov/project-spotlight and click on the link for street projects. If you have any specific questions or concerns, you can call me at (763) 509-5538 or email me at mpayne@plymouthmn.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Payne', is written over a light blue rectangular background.

Mike Payne, PE
Assistant City Engineer
