There is only one type of vendor status at our market: SEASONAL VENDORS – those who attend the market full-time, for the entire season, July through October. The original application form will be amended, as required.

## 7. SELECTION PROCESS

*Please note that the number of vendors in each category is limited in order to prevent saturation in one category. This will improve sales for all vendors. The Managing Authority will determine the number of vendors in each category through the application process.*

**Vendor Agreement.** All applicants for membership must complete a "Vendor Application/Agreement" form. The purpose of the Vendor Agreement procedure is to maintain a high quality, producer-based market; to provide a variety and balance of products; to ensure fairness to all vendors and to ensure the vendors abide by the rules of the market. The agreement also lists all the products approved by the Managing Authority for sale at the market.

**Review & Jurying.** All products to be offered for sale must be approved by the Managing Authority to ensure they are indeed produced by the applicant; produced direct from farmer to market and that they are of high quality and are compatible with the other products sold at the market. The committee reserves the right to refuse acceptance of any applicant or product that is not following the rules, regulations or standards of the Plymouth Farmers' Market.

## 8. BOOTH/STALL ALLOCATION

**Space Limitations.** Vendors are normally limited to a single booth/stall space, which has 12 frontage feet. Vendors may apply for multiple spaces, but allocation depends on the space available at the time, and may be withdrawn at any time if the space is required for new vendors. Under no circumstances shall a vendor rent more than two (2) stalls which consists of up to 24 frontage feet.

**Sharing.** Two market vendors, subject to approval prior to the first day of the market by the Market Manager may share one stall. You are not able to add another vendor in your same stall once the market has begun.

**Space Assignment & Location.** Space is assigned by the Market Manager to ensure good distribution and minimize competition. Vendors will receive their location assignment at the mandatory vendor meeting.

## 9. VENDOR RESPONSIBILITIES

**Compliance.** Vendors must fully comply with the following items. Failure to do so may be grounds for termination of the Vendor Agreement and expulsion from the market without refund:

- Abide by the By-Laws and/or Constitution of this Handbook.
- Be respectful of customers and other vendors in all interactions; refrain from any kind of harassment or other inappropriate behavior.
- Comply with all Municipal, Provincial and Federal Regulations regarding labeling, measures, health and safety, etc. for all products offered for sale at the Market. **Compliance is the responsibility of the individual vendor.**

**Payment of Fees.** All fees must be paid in full with the submission of your application by **Monday, March 19**. Any vendors not accepted into the market will have their vendor fees returned. Once the vendor fees have been accepted they are not refundable or negotiable.

**Booth Personnel.** Vendors are expected to attend the market in person to sell their own products and not make use of agents or employees. Anyone other than the producer that operates the booth must be listed on the vendor application. Shoppers want to speak to the actual producer who is knowledgeable about their product and pricing.

**Punctuality.** Vendors may start to set up no earlier than 12:30 p.m. Vendors must wait until the market staff moves the parking barriers to enter. Vendors are not allowed to move barricades. Vendors shall be open and ready for business at 2:00 p.m. All vendors must remove their vehicles, market belongings and products after each market day. The stalls should be clean and vacant by 7:30 pm, allowing approximately one hour for tear down.

**Attendance.** Vendors are expected to be in attendance every week of the market. A vendor must notify the Market Manager as soon as possible if they are not going to be in attendance that week. Vendors must keep their booths/stalls/tables open for duration of the market and not begin to tear down before designated close time of 6:30 pm. If for some reason a vendor must leave the market early they must clear it with the Market Manager and it should be with minimal disruption to customers and other vendors. **After a total of two (2) recorded attendance incidents, the vendor application is subject to review and the vendor may be removed from the market for the remainder of the season without refund.**

**Products.** Vendors must bring enough products to last for the entire market day. Exceptions may be made for reasons of product supply beyond their control.

**List.** Each vendor must submit a list of items they propose to sell; this list should be included in the market application. The Managing Authority will make the final determination as to what vendors will be allowed to sell. If a vendor adds new items to the original list of items to sell they must be approved by the Market Manager one week prior to the market the item will be sold at.

**Displays.** Vendors are responsible for providing, setting up and taking down all their own display/stall materials (displays, chairs, etc.). The Market Manager may ask that unsightly, inappropriate or unsafe materials be removed. Stalls must be kept neat and clean at all times. **Conducting Business.** Vendors must remain in their own booth/stalls when selling. Sales must be conducted in an orderly and business like fashion. No shouting or other objectionable means of soliciting sales are permitted.

**Pricing.** All items offered for sale must have prices prominently and clearly displayed. Shoppers prefer and expect this. Vendors must not practice distress pricing by undercutting other vendors or dumping products at bargain or sale prices. In the event of continued distress pricing, the Managing Authority reserves the right to cancel a vendor's application and remove them from the market and/or to impose "pricing ranges." Each vendor will be responsible for his or her own sales tax collection, where applicable.
